

## St Leonards and St Ives Home Watch

This list of local tradesmen has been provided by Home Watch members who consider them to be reliable and bona fide. However, it is important that you read the following conditions:

***“This list is intended merely as a source of reference for members who should always make their enquiries as to the suitability of any tradesmen employed, as Home Watch do not make recommendations or assurances regarding any tradesmen. Furthermore Home Watch accepts no legal liability for the accuracy of the list or any claims in respect of the competence, reliability, or financial stability of any tradesmen listed. Members should always obtain a number of written quotations for any work/service needed, and are reminded that it is inadvisable to make payment in full, or a significant percentage, prior to the work/service being completed.”***

***Use the spaces on the back page to record details of new nominated traders notified in Community News throughout the year***

### How to Nominate a trader

**Before nominating a local Trader, please first confirm that they wish to be on the Traders List**, and then send written details to:

Elaine Smith, 58 Lions Lane, Ashley Heath, Ringwood. BH24 2HN. Tel 01425 461022 email elaineshomewatch@58lions.co.uk

Please ensure that you give the full address and details of the Trader, including a land line contact, the type of trade, together with your reasons for the nomination, also your own name, address and telephone number.

Members should always show their Home Watch membership card. Your Committee should be informed if you are dissatisfied with any of the Traders listed.

**The following check list may help you to select a trader. For further advice contact Consumer Direct on 08454 04 05 06 [www.consumerdirect.gov.uk](http://www.consumerdirect.gov.uk)**

1	Obtain 3 quotes on headed paper with a full address and landline telephone number. (Estimates are not binding but quotes are)
2	Ensure that all work is outlined in full and it is clear whether the quote includes VAT
3	Confirm the specific materials to be used for the job. Does the quote include removing the rubbish?
4	Are they Insured? Do they have public liability insurance?
5	Are there any guarantees should anything go wrong after the work is completed?
6	Do not pay for services before they have been completed. In some cases a small deposit may be agreed or to pay for the job in parts after satisfactory completion at various stages
7	Does the work require a permit from the Council or authorisation for example placing skips on the highway. Does the work require building regulations or planning consent?
8	If gas or electrical work is required are the traders qualified i.e. anyone who alters a gas appliance must be registered with Gas Safe?
9	You may want to also look at other traders list such as Check a Trade before selecting a trader
10	If you are dissatisfied with any work always try to resolve this promptly with the trader concerned. If this fails speak to Consumer Direct.

**Finally, when employing any type of tradesmen a binding contract is essential in order that the employer can fully control the work being undertaken.**
